

Internet Safety Pledge for Kids and Teens

1. I will not give out any personal information such as my address, home/cell phone number, parents' work address/telephone number, or the name and location of my school without my parents' permission.
2. I will tell my parents right away if something or someone online makes me feel uncomfortable.
3. I will never agree to get together with someone I "met" online without first checking with my parents. If my parents agree to the meeting, I will be sure that it is in a public place and bring my mother or father or another trusted adult along.
4. I will never send a person my photo without first checking with my parents.
5. I will not respond to IMs, texts or emails that are mean or in any way make me feel uncomfortable. It is not my fault if I get a message like that. If I do I will tell my parents right away so that they can contact the Internet or cell service provider.
6. I will talk with my parents so that we can set up rules for going online. We will decide upon the time of day that I can be online, the length of time I can be online, and appropriate Web sites I can visit. I will not access unapproved Web sites without their permission.
7. I will not give out my Internet password to anyone (even my best friends) other than my parents.
8. I will check with my parents before downloading or installing software or doing anything that could possibly hurt our computer or jeopardize my family's privacy.
9. I will be a good netizen and will not do anything that hurts other people or is against the law.
10. I will help my parents understand how to have fun and learn things online and teach them things about the Internet, computers and other technology.
